

News & Updates from Company Vehicle Operations

Dear Participant,

As 2025 comes to an end, we'd like to thank you for being part of the Company Vehicle Program.

This year focused on enhancing your experience within the program. From extending Lapeer Road Marshaling (LRMC) operating hours to launching our new web app, every update was designed with your needs in mind.

We'd also like to celebrate the one-year anniversary of the Participant Newsletter. Since its launch in December 2024, it has continued to grow with each edition, offering more resources, updates, and program insights. We appreciate the positive feedback many of you have shared and are glad to hear it is valuable and informative.

We're proud to support you and remain committed to ensuring you have everything you need to succeed in the program.

As always, if you have any questions, please [contact us](#).

Have a safe holiday season, and don't forget to drive safely!

Participant Testimonials

Hear directly from participants about their experiences and perspectives on the Company Vehicle Program.

"I have been a custodian in the Company Vehicle program for years. I enjoy the freedom of the unlimited miles and insurance coverage so I don't have to worry about how far I travel or if anything happens during that time. I also appreciate having a new vehicle each year — I can choose based on my needs for the next year and enjoy all the newest features of our products. And the team at Company Vehicle Operations is the best — they've always helped me in my decisions and provided prompt action when needed."

Stephanie Rooks, NBU Retiree
