

CHARGER DAYTONA

CHARGER DAYTONA FIVE THINGS TO KNOW ...

-  **World's first and only fully electric muscle car with up to 670 HP**
-  **Standard all-wheel drive on all models and a 3.3 sec 0-60 MPH Scat Pack Daytona which is faster than a Hellcat Redeye, Mustang Darkhorse, and Camaro ZL1**
-  **Designed with a rear hatch instead of a trunk which allows for 130% more cargo space than the current Challenger**
-  **The patent-pending Fratzonic Chambered Exhaust delivers the same decibel levels as a Charger SRT Hellcat - With a Stealth Mode also available**
-  **The Dodge Charger will offer 2-Door and 4-Door (late availability 2025) options**

Also important to know...

- ✓ Estimated range on the Scat Pack is 241 miles*
- ✓ With a DC fast charger; you can get 80% charge in about 30 minutes or 100 miles of range in about 10 minutes
