Vehicle Self-Inspection Required for Dealership Returns
As of August 1, 2025, all participants turning in a Company-owned vehicle at a dealership must complete a self-inspection beforehand.

Using your mobile phone, you'll answer a few brief questions along with capturing some images/videos of the vehicle's condition.

You'll receive a text/email with a self-inspection link. The inspection should be completed the day of or day before your vehicle exchange appointment at the dealership.

Program Updates & Reminders

New Smoking Policy
Smoking in any company-owned vehicle is prohibited, effective with deliveries on or after October 1, 2025.

[Smoking Policy FAQs](#)

This policy applies to all program vehicles including, but not limited to, Employee Lease, Field, Product Evaluation, Loaners and Interims.

Participants will incur a \$2,000 fee associated with cleaning and restoring the vehicle resulting from violations of this policy.

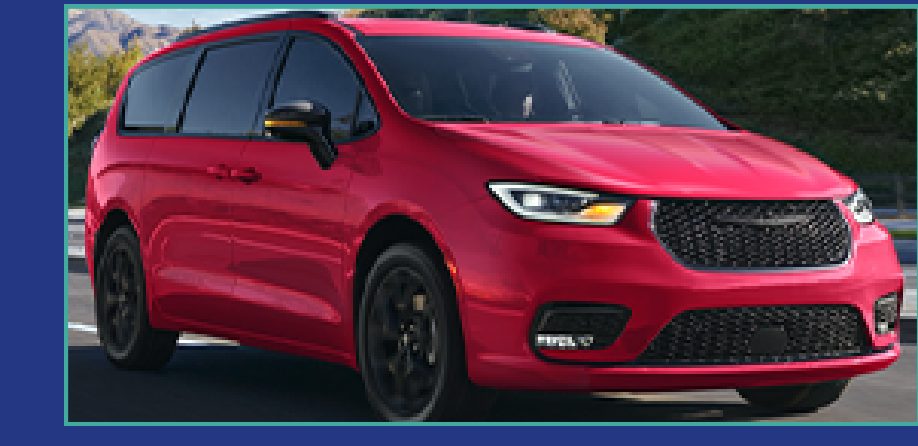

After three (3) smoking policy violations within a two-year period, eligibility to continue participating in the program will be reviewed.

For more information, please refer to the Program Terms and Conditions and the FAQs.
